**PROGRAM OVERVIEW**

The AS to BS Online Degree Completion program is designed for individuals holding both an associate’s degree and a certification in radiography, radiation therapy, nuclear medicine technology, or sonography from the American Registry of Radiologic Technologists (ARRT), the Nuclear Medicine Technology Certification Board (NMTCB), or the American Registry of Diagnostic Medical Sonography (ARDMS) who would like to continue their education to the baccalaureate level. The student will follow a focused track of administration/management.

**APPLICATION REQUIREMENTS**

1. **GPA of 2.50 or higher**
   A minimum 2.50 cumulative GPA is required in all coursework taken at any accredited institutions.

2. **Prerequisite Courses**
   All prerequisite courses or their equivalents must be completed with a C- or higher by the end of summer term, 2022.

3. **Online Application**
   The application is available online, which must be completed and submitted with all required supplemental documents if applicable. Application FAQ can be found here.

4. **Letters of Recommendation**
   Three letters of recommendation (one addressing academic experience, one addressing clinical experience, and one addressing personal attributes) must be uploaded to the application.

5. **Proof of Certification**
   A copy of applicant’s Certification Card must be uploaded to the application.

**APPLICATION DEADLINE**

The Radiologic Sciences and Therapy program admits students once per year, with students beginning the program in the Autumn term. The application deadline for Autumn 2022 is January 31, 2022. The professional program will begin August 23, 2022.

**DEGREE REQUIREMENTS**

The minimum total hours to graduate from The Ohio State University with a Bachelor of Science in Health and Rehabilitation Sciences is 120 credit hours. **Thirty credit hours must be completed at The Ohio State University** to establish residency for graduation. Please be advised that the credit hours for the professional coursework will not meet the residency requirement.

Students should reference their degree audit to ensure they are completing all required components of the degree program. This includes general education, program prerequisites, and professional curriculum. Students are encouraged to complete all general education before applying to the online Bachelors of Science degree completion program to adhere to the suggested schedule outlined on the next page.

**ONLINE PROGRAM**

Please be advised that only the professional curriculum is available online. Program prerequisites and general education courses are not guaranteed to be available online at The Ohio State University. As a result, alternate course planning may be required. Suggested courses should be planned when preparing for the Certified Radiology Administrator’s (CRA) certification exam.

International applicants should be aware that countries may or may not regulate distance education provided to students in its jurisdiction or require foreign higher education institutions to comply with distance education regulations. At this time, the Ohio State University cannot guarantee that an academic program meets curriculum requirements in your country.
The above plan demonstrates how students may complete the Radiologic Sciences & Therapy Online BS Degree Completion program in 5 terms.

The professional curriculum is completed in sequence and students may complete the program on a part-time basis. However, there is no provision for evening-only enrollment. The timeline will vary depending on the amount of general education courses the student needs to complete.

Students who intend to transfer credit to Ohio State may view how credit is accepted on Transferology.com.
