

**THE SCHOOL OF HEALTH AND REHABILITATION SCIENCES
(HTHRHS)**

General Education Requirements for the Bachelor of Science Degree Semester Curriculum, effective autumn 2013.

GOAL

Ohio State's General Education (GE) is an integral part of The School of HTHRHS education. General education provides the development of knowledge, perception, attitudes, and skills necessary to understand society's traditions and past, its accomplishments and aspirations, its relation and responsibility to the natural world, its diversity and plurality, and its problems and needs. The goal is for you to attain a sense of self within society that invites a continuing desire and ability to learn and work with others for future realization of the human potential. Specific goals aimed toward the broader goal of the GE are listed below under the twelve categories of the curriculum. The School consists of 7 undergraduate majors and 5 graduate programs.

YOUR RESPONSIBILITY AS A STUDENT

You are responsible for knowing the published policies governing the curriculum you are pursuing, as well as the regulations and procedures of the School and the university. The Bachelor of Science curriculum sheet should be used in conjunction with the degree planning information and School policies, published online, at medicine.osu.edu/hrs. Since this form is only updated once a semester, it is recommended that students refer to the course catalog for the most accurate course listings.

PREREQUISITES

You are responsible for fulfilling all prerequisites to courses in which you enroll. Failure to satisfactorily complete prerequisites may delay graduation.

SELECTING OF GE, MAJOR, AND MINOR COURSES

With the exceptions noted below, courses may not be counted for both the GE and the major requirements. Courses taken to fulfill GE requirements may count on the minor unless specifically disallowed by an individual minor program. Courses may not be counted on both the major and the minor, unless otherwise noted on the minor form. *Some GE courses are listed in more than one category; however GE courses cannot be used to fulfill more than one GE requirement, except for the social and global diversity requirements.*

GENERAL REQUIREMENTS

You must earn a minimum of 120 semester credit hours to earn a BS in the School of HTHRHS. In addition to the GE, you will complete prerequisites and major requirements and elective course work to reach a minimum of 120 credit hours. Please note that each major has its own set of minimum credits which may be more than the School minimum.

Remedial courses (Math courses at the 10XX level or below, and English 1109) and credit hours earned in repeated course work do not count toward the 120 hour minimum requirement for the Bachelor of Science. Note that you can take both "versions" of cross-listed courses (e.g., Comparative Studies 2670/Philosophy 2860); however, since the two versions are in fact the same course, only one may count toward a student's minimum degree hours.

The number of hours required to complete the Bachelor of Science degree with a given major will depend on your program and goals. You may need to plan to take more than 120 credit hours if you wish to complete specific professional training, are preparing for graduate study in certain disciplines, or have multidisciplinary goals.

If the combinations of course work for the GE, prerequisites, and your major program totals fewer than 120 hours, you have many options for the remaining hours, called electives. With your elective hours, you could pursue a minor; certification, if applicable; select a set of courses on a specific topic; engage in an undergraduate research experience; do internships; and/or study abroad. You are urged to meet with your advisor to work out a plan that best fits your needs and interests. In no case shall the number of hours required for graduation be fewer than 120 credits.

The curricular requirements are divided into eleven categories. In fulfilling the GE, you may petition (in advance) to the School to substitute upper-division courses that meet the spirit of the GE for courses on the GE. If you have transferred to Ohio State from another institution, you can often fulfill part of the GE with approximately equivalent courses already taken. Your transfer course work will be reviewed in the School, and courses that meet the spirit of the GE will be applied to the GE.

You must earn at least a D in a course for it to fulfill a GE requirement. Courses taken on a pass/non-pass or satisfactory/unsatisfactory basis cannot be used to fulfill GE requirement exceptions noted below; however, GE courses may not be used to fulfill more than one GE requirement.

COURSES USED TO FULFILL MORE THAN ONE REQUIREMENT

Courses used to fulfill the Social Diversity and Global Studies requirements may also count in another GE category or in the major. Student are encouraged to overlap courses for the two requirements mentioned above.

GROUP STUDIES AND INDIVIDUAL STUDIES

Group studies (XX94) courses and individual studies (XX93) courses are not acceptable for fulfilling GE requirements

REQUIREMENTS FOR THE MAJOR

You must earn at least a C- in a course in order for it to be listed on your major. However, you must receive a 2.2 cumulative GPA for all major course work. If you earn a D+, D, or an E in a course that is required for your major, the course cannot be counted toward the major. Your faculty advisor will decide if the course should be repeated or if another course should be substituted for it. Courses taken on a pass/non-pass basis cannot be used on the major. Your faculty advisor must approve all courses comprising your major. If you change from one major or curriculum to another, consult with both your faculty and college advisor. Such changes may result in modifying requirements to such an extent that your date of graduation might be delayed.

REQUIREMENTS FOR A MINOR

A minor consists of a minimum of 12 semester hours at the 2000 level and above. Please note that some minor programs require considerably more than 12 hours. For information regarding specific minors, please review the minor form. Students are permitted to pursue more than one minor.

HONORS COURSES

In order to enroll in an honors or honors embedded course, you must be an honors student or have instructor permission. Check the course catalogue (course bulletin) at buckeyelink.osu.edu for a full listing of honors courses. Honors courses are marked with an "H" or "E" after the course number.)

School of HTHRHSC

Bachelor of Science (BS) Major

The information contained in this general education sheet pertains to students following one of the majors listed below:

Athletic Training
Health and Information Management and Systems
Health Science
Medical Dietetics
Medical Laboratory Sciences
Radiologic Sciences and Therapy
Respiratory Therapy

SYMBOLS

- Social Diversity in the United States course that also counts in another GE category
- & Global Studies course that also counts in another GE category

SUMMARY OF BS DEGREE REQUIREMENTS

GE Credit Hours-47 to 57 (est)

Writing-6
Quantitative and Logical Skills -6 to 8
Natural Science -10
Literature -3
Social Science-6
Historical Study-3
Cultures and Ideas or Second Historical Study-3
Visual and Performing Arts-3
Open Options-6
Social Diversity in the United States-0 – 3
Global Studies-0 – 6
Survey 1100 (1)

Minimum semester credit hours required-120

Credit hours required for the GE, your prerequisites for the major, major course work, College Survey 1100, and available elective hours will bring your total credit hours to the minimum hours required for graduation.

WRITING AND RELATED SKILLS, 6 HOURS

The goal of courses in this category is to develop skills in written communication and expression, reading, critical thinking, oral expression, and visual expression.

First Course, 3 hours

English 1110.01, 1110.02, 1110.03

Second Course, 3 hours

Choose one course from the following list.
AAAS 2367.01•, 2367.02, 2367.04•, 2367.07S•
Agricultural Communication 2367•
Animal Sciences 2367
Arabic 2367•
Art Education 2367.01•, 2367.02, 2367.03•
Communication 2367
Comparative Studies 2367.02• 2367.07•, 2367.08•

Yiddish 2367

QUANTITATIVE AND LOGICAL SKILLS, 6-8 HOURS

The goal of courses in this category is to develop skills in quantitative literacy and logical reasoning, including the ability to identify valid arguments, use mathematical models, and draw conclusions and critically evaluate results based on data.

Basic Computational Skills, 0 hours

Attain Math Placement Level R or higher or complete Mathematics 1075. Note: Mathematics 1075 is remedial and does not count toward the 120 hour minimum requirement for the Bachelor of Science.

Select one mathematics course specified by your intended SHRS major.

Math 1148: *Athletic Training, Health Sciences, Health Information Management & Systems, Medical Dietetics, Medical Laboratory Science (MLT) – Medical Laboratory Technician*

Math 1150: *Medical Science & Certification track – Medical Laboratory Science, Radiologic Sciences & Therapy (Radiography, Sonography, Radiation Therapy)*

Statistics, 3 HOURS

Select one data analysis course (either 1350 or 1450) specified by your intended SHRS major. Students should refer to their Degree Audit to determine appropriate coursework.

NATURAL SCIENCE, 10 HOURS

The goal of courses in this category is to foster an understanding of the principles, theories, and methods of modern science; the relationship between science and technology; the implications of scientific discoveries; and the potential of science and technology to address problems of the contemporary world.

CHOOSE THREE COURSES, AS SPECIFIED BY YOUR INTENDED SHRS MAJOR. STUDENTS SHOULD REFER TO THEIR DEGREE AUDIT TO DETERMINE APPROPRIATE COURSEWORK.

SOCIAL SCIENCE, 6 HOURS (AT LEAST 2 COURSES)

The goal of courses in this category is to help you learn about the systematic study of human behavior and cognition, of the structure of human societies, cultures, and institutions; and of the processes by which individuals, groups, and societies interact, communicate, and use human, natural, and economic resources. Choose six credit hours from the following lists, with at least three hours from two of the three sections. A maximum of three hours is permitted from the department of the major, but these hours may not be counted on the major.

Individuals and Group

OPEN OPTIONS, 6 HOURS (AT LEAST TWO COURSES)

These courses are two additional GE courses in natural sciences, social sciences or arts and humanities. For SHRS students, this requirement will likely be completed through major prerequisite; please review program curriculum guides or consult with an advisor for a review these courses. These courses will likely be completed through your major prerequisite; please check your curriculum guides or consult with an advisor to help select these courses.

SOCIAL DIVERSITY IN THE UNITED STATES, 0-3 HOURS

The goal of courses in this category is to foster an understanding of the pluralistic nature of institutions, society, and culture in the United States in order to help you become an educated, productive, and principled citizen. You must complete at least one course from this area, which can overlap with another GE category or the major. If you do not choose an overlapping course, the social diversity requirement must still be met.
