

School of Health and Rehabilitation Sciences
General Education Curriculum (GEC)
For students who entered OSU prior to Summer 2012

Purpose of the GEC

Ohio State's General Education Curriculum (GEC) is an integral part of an Ohio State education. General Education provides the development of knowledge, perception, attitudes, and skills necessary to understand society's traditions and past, its accomplishments and aspirations, its relation and responsibility to the natural world, its diversity and plurality, and its problems and needs. The goal is for students to attain a sense of self within society that invites a continuing desire and ability to learn and work with others for future realization of the human potential.

SHRS GEC Policies

- 1. Students may double count the GEC Second Writing course with a course in another GEC category. These approved overlaps are indicated with a dagger (+).
2. Courses listed in the Historical Study category which also appear outside of the Historical Study category may only be applied to one GEC requirement (with the exception of Diversity).
3. GEC requirements may overlap with SHRS program prerequisites. Students should pay special attention to overlap in the Natural Sciences, Social Sciences, and Breadth Categories.
4. Students with 15 or more credit hours of transfer credit (K) credit are not required to complete the International Issues Diversity sub-requirement.

CATEGORY 7: Diversity, 0-15 hours

Subcategories: Social Diversity & International Issues

Goal: Social Diversity courses foster understanding of the pluralistic nature of institutions, society and culture in the United States. International issues courses help students become educated, productive, and principled citizens of their nation and increasingly globalized world.

Students should overlap the Diversity requirements with other GEC courses. If such an overlap is not planned, the diversity requirement must still be met.

- A. Social Diversity
One course is required in the Social Diversity subcategory. These courses are indicated on the GEC with a dot (•).
- B. Two courses are required in the International Issues subcategory. These courses are indicated on the GEC with diamonds (♦) and stars (★) and can be completed with a combination of two diamonds (♦♦), two (★★) stars, or a star (★) and a diamond (♦).

- C. A total of three courses must be completed to meet the Diversity category.

CATEGORY 8: Breadth, 10 hours

Select two courses

This category is fulfilled by two additional courses in the GEC categories of Natural Science, Social Science, or Arts and Humanities.

- *Most SHRS majors require more than 4 GEC Natural Science courses and have prerequisite courses that will overlap in the Breadth category. Students should refer to their Degree Audit to determine appropriate coursework.*
