

Teaching Statement Guidance

Ohio State School of Health and Rehabilitation Sciences

Teaching in the School of Health and Rehabilitation Sciences is a core foundation of our mission and our faculty are nationally recognized educators. We are interested in understanding your previous experience in teaching and how this fits within the mission of our school, college and the university. Please include the impact and influence of your scholarship and disciplinary context on your teaching. Include the teaching goals you have for yourself and for your students and how your teaching enacts these beliefs and goals.

Within your teaching statement, additional components that you may want to consider include the following:

- Your conception of how learning occurs
- How your teaching facilitates student learning and what, for you, constitutes evidence of student learning
- The ways in which you create an inclusive learning environment
- Your interests in and experience with new techniques, activities, and types of learning
- Methods of teaching that you rely on frequently
